

Technology Expertise. Results-Driven Public Sector Solutions.

Meridian Technologies, a Consulting Solutions company, is a nationally recognized leader in technology solutions and services. We offer solutions delivery and staff augmentation to help Systems Integrators and Federal agencies plan, build, deploy, execute, and sustain technology programs.

FLEXIBLE PRIME, SUBCONTRACTOR AND STAFFING MODELS

Prime Contractor

Providing needed solutions and resources at speed and scale.

Subcontractor

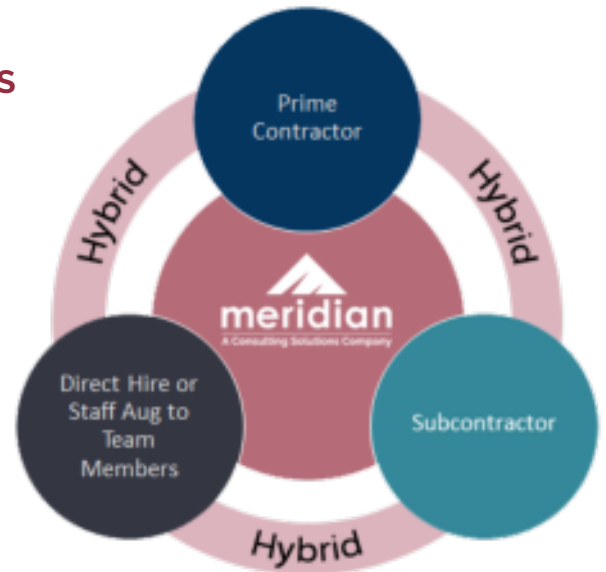

Technology solutions and delivery teams designed, developed and delivered to the highest standard.

Staff Augmentation

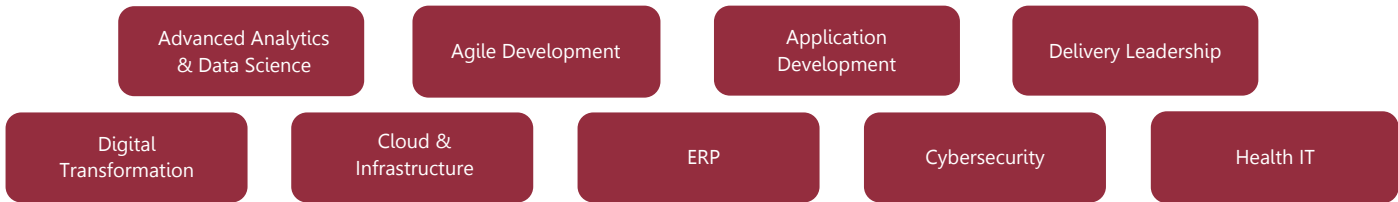

Teams delivered using a flexible, scalable and co-managed approach.

Hybrid

Mix of Prime/Sub/Staff models supporting workshare commitments, risk mitigation and B&P support
